The 5 Pathways

At the subnational level, ICLEI drives change along five interconnected pathways that cut across sectors and jurisdictional boundaries. This design enables local and regional governments to develop solutions in a holistic and integrated way, creating change across entire urban systems

LOW EMISSION

RESILIENT
DEVELOPMENT

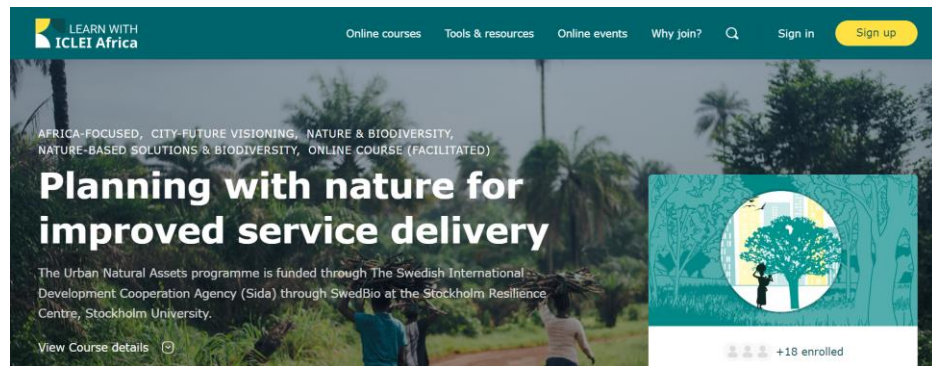

CIRCULAR
DEVELOPMENT

We recognize the crucial role that cities and local governments play in the pursuit of a greener existence through efficiently integrating urban development and biodiversity management at the local level.

ICLEI CBC offers ICLEI members and partners the following opportunities and services:

- **Access to dedicated tools and capacity-building engagements**
- **Peer-to-peer learning and networking opportunities**
- **International profiling and engagement platforms**
- **Influencing at Conference of Parties of the UN Conventions and participating in other international conferences and events**
- **Participation in global, regional and national cities-led programmes**
